

AISATS retains Top Position of ‘ Best Air Cargo Terminal Operator’!

Air India SATS Airport Services Private Limited (AISATS), has retained its position as the ‘Best Air Cargo Terminal’ at BLR. AISATS has been awarded the “**Best Air Cargo Terminal Operator**” award by the Indian Chambers of Commerce (ICC) at the Indian Supply Chain & Logistics Excellence Awards 2016 for the fifth consecutive year.

Each year, ICC recognises and appreciates the eminent stakeholders within India’s Supply Chain and Logistic sector. The nominees for these awards are carefully evaluated on various parameters like operational performance, sustainability, quality, safety , customer satisfaction and adoption of information technology.

AISATS constantly endeavours towards setting new yardsticks for its performance excellence. The flagship air freight terminal is the 1st air cargo terminal to be certified by the Transported Asset Protection Association (TAPA) as per FSR class A 2014 standards. The said terminal is also Goods Distribution Practices (GDP) certified for transportation of pharmaceutical products as per World Health Organisation (WHO) guidelines.

On the occasion, Mr. Mike Chew, CEO, AISATS said “It is an honour to receive this prestigious award by the Indian Chambers of Commerce. Holding top spot for the 5th consecutive time is an acknowledgement of the consistent premier cargo and ground handling services that we provide to our customers. AISATS constantly strives to improve customer experience by augmenting our services at all our stations through innovation, technology and process enhancements..”
